Muhammad Younus

Web Developer — Frontend & Full-Stack

Lahore, Pakistan | +92 301 7933040 | khokharunus782@gmail.com
GitHub: github.com/younasahmad782 | Portfolio: younasahmad782.github.io/portfolio/

SUMMARY

Web developer with hands-on experience shipping responsive websites, React applications, and a full-stack business platform. Works AI-assisted — fast to build, careful to test and debug. Seeking junior web developer roles, remote or in Lahore.

SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Responsive Design, DOM, Events, Forms, Dynamic UI
- **Tools:** React, Vite, TypeScript basics, Redux-style state, REST APIs, Git & GitHub, GitHub Pages
- **Backend (working knowledge):** Node.js, Express, PostgreSQL, Socket.IO basics
- **CMS & SEO:** WordPress (themes, customization), on-page SEO, meta tags, technical SEO basics

PROJECTS

BizFlow — Business Management Platform | github.com/younasahmad782/BizFlow

- Full-stack system: sales, inventory, suppliers, orders, PDF invoices, expenses, P&L reports, AI assistant over business data, audit log.
- React + TypeScript, Node.js/Express + PostgreSQL, Socket.IO; RBAC and multi-tenant isolation enforced server-side.

Everyday Calculator | Live: younasahmad782.github.io/everyday-calculator

- Multi-tool utility site (calculator, unit/currency converters, date tools); responsive, SEO-conscious, deployed on GitHub Pages.

Blog Dashboard — React App

- Blog listings, stats, filtering with Redux-style state; reusable components and custom hooks; debugged real build/state issues.

EXPERIENCE

Web Development — Independent Projects | 2024 – Present

- Design, build, test, and deploy websites and web apps with HTML, CSS, JavaScript, React, WordPress; on-page SEO and API integration.

Virtual Assistant — Self-Practice | 2024 – Present

- Remote support: data entry, Excel, Word, PowerPoint; met deadlines working independently.

EDUCATION

- **1-Year Computer Course — GC University Faisalabad** | 2023 – 2024 — MS Office, C++ & OOP, web development (HTML, CSS, WordPress). Languages: HTML, CSS, JavaScript, C++, TypeScript basics.
- **FSc Pre-Medical — Prime Science School** | 2019 – 2022 — A+ grade.
